| • Sub Area Controller | Mr Koos Swanepoel 47.       |

NB/ Selection of committee members to be decided at the next meeting.

### GENERAL

- Scarf tied with 3 knots if found outside premises/possible identification of next break in place. Plastic bottles or packets etc outside premises be on the look out.
- Be vigilant/take licence number of any suspicious vehicle in the road.
- Night time break ins/look out and see what the problem is at night time, do not switch on lights so that you can see better and they can not see you watching them.
- If dog's constantly bark investigate the cause of the barking.
- Strive for crime free area.
- If car is parked on the pavement and the owner is unable to park in the yard for some reason, rather in the neighbours yard if possible. If not possible, then advise owner of vehicle to park in front of a electric pole with the nose of the vehicle in front of the pole as this will make it difficult for the vehicle to be towed away.
- At plus minus 6 am on the 18<sup>th</sup> June 2002 a police vehicle patrolled our road with the lights off, clear indication that they are patrolling the area however, we still need to be alert and contact our neighbours in the event of anything suspicious.
- Police forum was attended by Erick on 7<sup>th</sup> June 2002, police spokesman was to attend our meeting but was unable to attend. Crime figures were given by Mr Wouter Van De Merwe from the Kiora Street Watch. (Street Co-ordinator Kiora Street Watch).
